Harvey [REDACTED]

I hope this note finds you well.

It will come as no surprise to you that CJC has continued to work on the idea of creating a Canadian mechanism that would provide ISP's with the motivation and ability to block foreign hate sites from access to Canadian markets. The conversation became more urgent with the matter of Richard Warman, and the subsequent decision of the CRTC to decline to authorize ISP's to block access to US based websites owned by Bill White, a resident of the state of Virginia

[REDACTED] and I will be in Ottawa on November 21 and would like to meet with you to discuss the role that the CHRC could play in developing/supporting a mechanism for keeping international hate outside of Canada. We would be available to meet with you at any time on the 21st, up until 1.00 PM.

Please let me know if this works for you.

Many thanks
